Address: Ghotsai (Titwala), Tal. Kalyan, Dist. Thane

## ABOUT IMPERIAL COLLEGE OF ENGINEERING

Imperial College of Engineering is a premier institution committed to delivering quality technical education that combines academic excellence, practical learning, and ethical values. Established under the guidance of **Santoshimata Bahuddeshiy Shaikshnik Sewa Sanstha**, the college aims to develop competent and industry-ready engineers.

Located at Ghotsai (Titwala), Taluka Kalyan, District Thane, the college offers a student-friendly learning environment with modern infrastructure, well-equipped laboratories, and experienced faculty. Emphasis is placed on hands-on training, project-based learning, industry exposure, and skill development to prepare students for real-world challenges.

With a strong focus on holistic development, the institution nurtures leadership, innovation, teamwork, and social responsibility, empowering students especially from rural and semi-urban backgrounds to build successful careers in engineering and technology.

### OUR VISION

To be a leading institution in engineering education by nurturing competent, innovative, and socially responsible engineers who contribute to technological advancement and nation building.

### OUR MISSION

- Providing high-quality technical education through a strong academic foundation and practical learning
- Fostering innovation, creativity, and critical thinking among students.
- Bridging the gap between academics and industry through hands-on training, projects, internships, and industry interaction
- Developing engineers with ethical values, leadership qualities, and social responsibility
- Empowering students from rural and semi-urban backgrounds by providing equal learning opportunities and career guidance
- Promoting lifelong learning and adaptability to emerging technologies

## THE ICE ADVANTAGE

### WORLD-CLASS INFRASTRUCTURE
